

Crooked Furrow

WHAT do you look for in a good Folk Band ?
Interesting songs, ones you can sing along with, lively foot tapping instrumentals, a range of instruments to please the ear ?
A band you can be at ease with.

LOOK no further. With a liberal helping of The Dubliners and Clancy brothers songs, sea shanties and a host of others washed down with lively instrumentals played on a choice of hot fiddle and banjo, accordion, guitars and whistle you can be sure of music with a 'bite' !!

DO you want to kick the dust with a good ol' Barn Dance you will need a band which is renowned for its strong melodies and solid beat.

That fiddle will again be in action giving a strong country sound to a fine collection of music that will have you jumping about.

Scottish reels, Irish jigs, hornpipes and of course the ever popular American Squares will be out in force. Remember to ask for 'Cheroneka' the East European dance that will wipe you out !!

A 'top flight' caller will help you through the dances so you don't have to be an expert - in fact they are more fun if you don't know them !

WE can entertain you with some songs between dances while you give your feet a rest - only the 'Crooked Furrow' has this versatility.

SO there you have it. Give us a call on 01460 75093 - you won't regret it.

Call the most wanted folk band in South Somerset / North Dorset.

Demand, and get the Best !!
